Q1. The attached document does not appear to include the necessary insurance requirements and coverages that we must provide if we are awarded the contract. The information does not outline the specific coverages, limits, and endorsements required. We will need more information.

A1. The contract clause in this RFP in question is as follows:

#### INSURANCE

Contractor shall maintain for the duration of the contract such insurance as will protect it and Metro from all claims, including Workers' Compensation, and will hold Metro harmless from, and indemnify Metro for, all claims and damages which may arise out of or result from the Contractor's operations under this contract, whether such operations are by Contractor, by a subcontractor, by anyone directly or indirectly employed by them, or by anyone for whose acts any of them may be liable. Contractor will submit certificates or other proof of insurance to Metro, naming Metro as an additional insured, upon notification of contract award.

Contractor provided insurance must protect Metro from all claims by naming Metro as an additional insured. Metro has no designated insurance limits for this RFP.
