Specifications - Responses

Bidders shall have sufficient experience and qualifications to manage and coordinate all of the banking needs of Metro. Please show how you can provide:

Protection of Public Funds – This will be the successful bidder’s top priority. Metro currently has an operational checking account, a flexible spending checking account, a money center investment account, and a clearing account for investment activity. Bidder will need to show that they are capable of collateralizing all Metro funds on deposit with the exception of investment funds invested in treasury products. Methods of fund protection may include FDIC insurance, pledged securities, and letters of credit.

Capitol Federal® proposes placing funds exceeding \$250,000 into the IntraFi Network to ensure all funds are FDIC Insured. Funds can be placed in CDAR’S (CD’s) or in an ICS Sweep (Liquid Funds) at the direction of the company. Additional information about the IntraFi Network is provided in Schedule 7.

Competitive Investment Rates – Metro adheres to the Kansas Pooled Money Investment Board (PMIB) and the investment rates they publish at the following link: [Rates for Public Funds](#)
Metro also invests with the Kansas Municipal Investment Pool (KMIP) so investment rates offered must exceed KMIP rates per the following link: [KMIP System - Daily Municipal Investment Pool Rates](#)

When funds are determined to be available for investment, Capitol Federal® will respond to bid request for each investment opportunity.

Financial Strength – In order to properly protect public funds, Metro must deposit these funds with a strong, solid banking institution. Bidder must demonstrate strong financial performance.

Please see Schedule 8 for Capitol Federal® call report.

Enhanced Services – The successful bidder will be able to provide/process merchant services, company credit cards for ten administrative and management staff members, and payment service for Metro’s on-line product sales. The successful bidder’s proposal will show that their bank stays current with changes in technology and offers state-of-the-art enhanced services to its clients.

Please see Schedule 4 for information regarding Merchant Services.

Capitol Federal® has multiple revolving balance card options available today. In addition, Capitol Federal® will have a Corporate / Purchasing Credit Card program available in March, 2026.

The contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Metro and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

12.0 INCORPORATION OF FTA TERMS

These contract provisions include, in part, certain Standard Terms and Conditions required by USDOT, whether or not expressly set forth in the included contract provisions. All contractual provisions required by USDOT, as set forth in the current version of FTA Circular C 4220.1, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the

event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Metro requests which would cause Metro to be in violation of the FTA terms and conditions.

13.0 INDEMNIFICATION

Contractor shall be responsible for and indemnify, defend and hold harmless Metro, its directors and employees from all demands, claims, suits and settlements for loss of or damages to property, or personal injuries, including death to persons, and from all judgments recovered, and from all expenses incurred in defending or settling said claims or suits, or enforcing this provision, including court costs and attorney fees and other expenses arising out of the errors, omissions or negligent acts of the Contractor, its employees, or agents in connection with the goods and/or services provided under this contract.

Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 USC 1352. Such disclosures are forwarded from tier to tier, up to Metro.

18.0 NO FEDERAL GOVERNMENT OBLIGATION TO THIRD PARTIES

Metro and the contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of this contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to Metro, the contractor, or any other party (whether or not a party to this contract) pertaining to any matter resulting from this contract. The contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that this clause shall not be modified, except to identify the subcontractor who will be subject to its provision.

19.0 PATENT INFRINGEMENT (not needed for micro-purchase)

Contractor agrees that it will, at its own expense, defend all suits and all proceedings instituted against Metro, if such suits and proceedings are based on any claim that the materials or equipment provided by Contractor, or any part thereof, or any tool, article or process used in the manufacture thereof, constitutes an infringement of any patent. Metro will give Contractor prompt notice in writing of any suit or proceeding, and will give Contractor all needed information, assistance and authority to enable Contractor, through its legal counsel, to defend the same.

20.0 PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS

- 20.1 The contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 USC 3801, et seq. and US DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to this project. Upon execution of this contract, the contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to this contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the contractor to the extent the Federal Government deems appropriate.

- 20.2 The contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 USC 5307, the Government reserves the right to impose the penalties of 18 USC 1001 and 49 USC 5307 on the contractor, to the extent the Federal Government deems appropriate.
- 20.3 The contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

21.0 SUSPENSION AND DEBARMENT

In accordance with 2 CFR Parts 180 and 1200, the contractor is required to verify that none of its principals or affiliates: 1) is included on the federal government's suspended and debarred list; 2) is proposed for debarment, declared ineligible, voluntarily excluded or disqualified; 3) within three years preceding this proposal, has not been convicted of or had a civil judgment rendered against them for (a) commission of fraud or criminal offense pertaining to performing a public transaction, (b) violation of any federal or state antitrust statute, or (c) embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; 4) is indicted or charged by a governmental entity for any of the charges in 3) above; and 5) has had any public transaction terminated for cause or default within three years preceding this proposal. The contractor is required to include this requirement in any subcontracts related to this contract. By signing and submitting its proposal, the proposer certifies that the certification in this clause is a material representation of fact relied upon by Metro. If it is later determined that the proposer knowingly rendered an erroneous certification, in addition to remedies available to Metro, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The proposer agrees to verify that none of its principals or affiliates is included on the federal government's suspended and debarred list at any time throughout the period of this contract. The proposer further agrees to include a provision requiring the same compliance in its subcontracts related to this contract.

22.0 TERMINATION

Termination for Convenience – Metro may terminate this contract, in whole or in part, at any time by written notice to the contractor when it is in the Metro's best interest. The contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The contractor shall promptly submit its termination claim to Metro to be paid to the contractor. If the contractor has any property in its possession belonging to Metro, the contractor will account for the same, and dispose of it in the manner Metro directs.

Termination for Default – If the contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the contractor fails to perform in the manner called for in the contract, or if the contractor fails to comply with any other provisions of the contract, Metro may terminate this contract for default. Termination shall be effected by serving a Notice of Termination on the contractor setting forth the manner in which the contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by Metro that the contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the contractor, Metro, after setting up a new delivery of performance schedule, may allow the contractor to continue work, or treat the termination as a termination for convenience.

Opportunity to Cure – Metro in its sole discretion may, in the case of a termination for breach or default, allow the contractor ten (10) days in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions. If contractor fails to remedy to Metro's satisfaction the breach or default of any of the terms, covenants, or conditions of this contract within ten (10) days after receipt by contractor of written notice from Metro setting forth the nature of said breach or default, Metro shall have the right to terminate the contract without any further obligation to the contractor. Any such termination for default shall not in any way operate to preclude Metro from also pursuing all available remedies against contractor and its sureties for said breach or default.

Waiver of Remedies for Any Breach – In the event that Metro elects to waive its remedies for any breach by contractor of any covenant, term or condition of this contract, such waiver by Metro shall not limit Metro's remedies for any succeeding breach of that or of any other term, covenant, or condition of this contract.

Termination for Default – If the contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, Metro may terminate this contract for default. Metro shall terminate by delivering to the contractor a Notice of Termination specifying the nature of the default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that the contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Metro.

Schedule 4 - Talus / Merchant Processing

October 20, 2025

Dear Topeka Metropolitan Transit Authority,

Thank you for the opportunity to provide information on the card payment acceptance solution via our partnership with Capitol Federal. Our merchant services consulting began in Overland Park, KS back in 2003 and we have partnered with Capitol Federal since 2008.

While there are an abundant amount of merchant services providers in the industry, we believe Talus is the unique provider by remaining processor independent (partnering with two of the large merchant processors in the industry), and solution independent – tailoring the specific need of the merchant organization to the solution/tool/gateway that works best.

We greatly appreciate the opportunity to potentially serve the Topeka Metropolitan Transit Authority and, ultimately the citizens of Topeka, via our continued, long-term partnership as a trusted advisor and extension of Capitol Federal.

Thank you!

Schedule 6 - Timeline for Implementation

Schedule 5:

Timeline for Implementation

Capitol Federal has a dedicated Treasury Management team who will support Topeka Metro through a banking transition. We will strive to serve as an extension of your team to ensure all daily activities/operations migrate from one bank to another in a timely and seamless manner. Capitol Federal's support team will hold your staff's hand every step of the way until Topeka Metro confirms the training is complete and meets expectations. We have a dedicated phone number and email address that only comes to our team, and we support all the services Topeka Metro utilizes.

Phase 1: Review entity docs / signers / request information needed to open accounts and solidify services requested and limits associated where required. This is generally 24-48 hours to complete.

Phase 2: Open accounts, execute agreements for Treasury Management Services, order Deposit Slips and Checks if needed. All documents will be sent for signature via DocuSign. New Account documents generally take 24-48 hours. Deposit slips and Checks are 5-7 business days to arrive.

Phase 3: Technical setup on the Capitol Federal side of accounts and services, including identifying individuals who will need access to Treasury Services and what specific access they will need. Account verification letters created for each account and shared with Topeka Metro to be used for vendor updates. After all documents are executed, this process generally takes 48-96 hours.

Phase 4: Individuals will be contacted for training on Treasury Management services and scheduled. After technical setup is complete, this timeline will be determined by Topeka Metro with staffing availability. Multiple training sessions can be offered and scheduled as needed by Topeka Metro.

Phase 5: Training completed for Treasury Management services, vendor contact completed for updates on settlement accounts, including notification to vendors for ACH processing. After technical setup is complete, this timeline will be determined by Topeka Metro with staffing availability. Multiple training sessions can be offered and scheduled as needed by Topeka Metro.

Phase 6: Monitor updated processing and verify transactions are posting as expected. Daily, as needed during initial onboarding until staffing is comfortable with processes.

Phase 7: Formally close out accounts with previous Financial Institution. This is generally after 30-60 days once Topeka Metro has confirmed all activity has been transferred to the new accounts.

*Specific dates will be established for each phase with Topeka Metro to take into consideration any deadlines or blackout periods for Topeka Metro.

Schedule 7 - IntraFi Program

IntraFi | ICS® & CDARS®

Safe, Simple Cash Management

Work directly with just our bank and enjoy the safety that comes with access to millions in aggregate FDIC insurance across IntraFi's network of banks. You can choose the service or combination of services that can offer the returns and access to funds you seek.

A list identifying IntraFi network banks can be found at www.IntraFi.com/network-banks. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply. To meet these conditions, deposit accounts are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage.

Rest Assured. Rest assured knowing that your funds are eligible for millions in aggregate FDIC insurance protection across network banks—protection that’s backed by the full faith and credit of the federal government. And ICS and CDARS are not subject to floating net asset values; so you can feel secure knowing that market volatility will not negatively affect your principal.

Earn Interest. Put your funds to work. Interest rates may compare favorably to Treasuries.

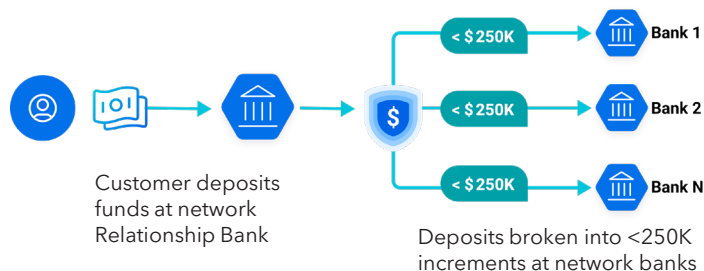

Enjoy Flexible Liquidity Options. With ICS, maintain access to your funds placed in demand deposit accounts or money market deposit accounts. With CDARS, select from multiple term options to help you meet your liquidity needs.

Time Savings and Transparent Reporting. Forego the need to manage multiple bank relationships. See account balances and accrued interest for ICS and CDARS, 24/7, with an online dashboard. Also, for ICS, see online which banks hold your funds. For both services, receive regular statements with detailed reporting provided by our bank.

Support Your Community. Feel good knowing that the full amount of your funds placed through ICS and CDARS can stay local to support lending opportunities that build a stronger community.¹

How Do ICS and CDARS Work?

Institutions, like ours, that offer ICS and CDARS are members of the IntraFi network. When we place your funds through the ICS or CDARS service, that deposit is divided into amounts under the standard FDIC insurance maximum of \$250,000. The funds are then placed in demand deposit accounts or money market deposit accounts (using ICS), or in CDs (using CDARS), at multiple network banks. As a result, you can access coverage from many institutions while working directly with just one.

You receive one regular statement from our bank for each service in which you participate, and, as always, your confidential information is protected.

[1] When deposited funds are exchanged on a dollar-for-dollar basis with other institutions that use ICS and CDARS, our bank can use the full amount of a deposit placed through ICS or CDARS for local lending, satisfying some depositors' local investment goals or mandates. Alternatively, with a depositor's consent, our bank may choose to receive fee income instead of deposits from other participating institutions. Under these circumstances, deposited funds would not be available for local lending.

Deposit placement through an IntraFi service is subject to the terms, conditions, and disclosures in applicable agreements. Deposits that are placed through an IntraFi service at FDIC-insured banks in IntraFi's network are eligible for FDIC deposit insurance coverage at the network banks. The depositor may exclude banks from eligibility to receive its funds. To meet conditions for pass-through FDIC deposit insurance, deposit accounts at FDIC-insured banks in IntraFi's network that hold deposits placed using an IntraFi service are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage. Although deposits are placed in increments that do not exceed the FDIC standard maximum deposit insurance amount ("SMDIA") at any one bank, a depositor's balances at the institution that places deposits may exceed the SMDIA before settlement for deposits or after settlement for withdrawals. The depositor must make any necessary arrangements to protect such balances consistent with applicable law and must determine whether placement through an IntraFi service satisfies any restrictions on its deposits. Smart Investing for Government Finance Officers

Access Millions of Dollars in Aggregate FDIC Insurance Across IntraFi's Network of Banks Working Directly with Just Us

Through the CDARS® service, we can provide easy access to millions of dollars in aggregate FDIC protection across network banks on CD deposits for many types of government entities. No one has ever lost a penny on an FDIC-insured deposit.

Note: A list identifying IntraFi network banks can be found at www.IntraFi.com/network-banks. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply.

How does CDARS work?

We are part of IntraFi's special network of banks. When your organization places a large amount with us, we place your funds into CDs issued by other banks in the network—in increments below the standard FDIC insurance maximum—so that both principal and interest are eligible for FDIC protection. With help from a sophisticated matching system, we exchange deposits with other members of the network. These exchanges, which occur on a dollar-for-dollar basis, bring the full amount of your organization's original deposit back to our bank. As a result, we can make the full amount of the deposit available for lending in the local community.¹

What else should you know?

By providing access to FDIC insurance, CDARS can help your organization comply with investment policy mandates. And, the CDARS benefits of One Bank, One Rate, One Statement® help to reduce administrative burdens, especially during tax and financial-reporting seasons.

One Bank

Access millions of dollars in FDIC insurance across network banks by working directly with just us—the bank you know and trust—and reduce collateral tracking.

One Rate

Negotiate one rate with our bank for each CD maturity, and enjoy the option of reinvesting funds through a simple process.

One Statement

Receive one easy-to-read statement from our bank summarizing all your CD holdings.

Cash management today for government finance officers

Access Millions of Dollars in Aggregate FDIC Insurance Across
IntraFi's Network of Banks Working Directly with Just Us

Through ICS®, IntraFi Cash Service®, government depositors, like you, can place funds into demand deposit accounts, money market deposit accounts or both to meet your organization's cash management needs.

Note: A list identifying IntraFi network banks can be found at www.IntraFi.com/network-banks. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply.

Earn a return. Earn interest at a rate set by us. Funds placed through ICS may earn returns that compare favorably to Treasuries and government money market mutual funds and avoid the risks associated with prime money market mutual funds.

Simplify and save time. By providing access to FDIC insurance, ICS can help your organization comply with investment policy mandates and avoid the hassles associated with ongoing collateral-tracking or having to footnote uninsured deposits in financial statements.

Gain transparency. Reporting shows balances, transactions, interest, and other important details associated with your accounts. You also enjoy 24/7 access to information online.

Manage liquidity. Enjoy access to funds placed through ICS into demand deposit accounts and money market deposit accounts.

Support the community. Feel good knowing that the full amount of your funds can stay local to support lending opportunities that build a stronger community.¹

How does ICS work?

We, like other institutions that offer ICS, are members of the IntraFi network. When we place your deposit through ICS, that deposit is divided into amounts under the standard FDIC insurance maximum of \$250,000. The amounts are then placed into deposit accounts at multiple, FDIC-insured banks. As a result, you can access FDIC coverage from many institutions while working directly just with us. Receive one statement from our bank and, as always, know that your confidential information is protected.

Schedule RC-C Part II - Loans to Small Businesses and Small Farms(Form Type - 041)

Report the number and amount currently outstanding as of the report date of business loans with "original amounts" of \$1,000,000 or less and farm loans with "original amounts" of \$500,000 or less. The following guidelines should be used to determine the "original amount" of a loan:
(1) For loans drawn down under lines of credit or loan commitments, the "original amount" of the loan is the size of the line of credit or loan commitment when the line of credit or loan commitment was most recently approved, extended, or renewed prior to the report date. However, if the amount currently outstanding as of the report date exceeds this size, the "original amount" is the amount currently outstanding on the report date. (2) For loan participations and syndications, the "original amount" of the loan participation or syndication is the entire amount of the credit originated by the lead lender. (3) For all other loans, the "original amount" is the total amount of the loan at origination or the amount currently outstanding as of the report date, whichever is larger.
