Parts Washer
Questions and Answers #1
October 20, 2022

Q1. Is a Fresh Rinse Cycle a requirement?

A1. A Fresh Rinse Cycle is optional. You may bid a Parts Washer with or without a Fresh Rinse Cycle. You can include the cost of a Fresh Rinse Cycle as an Other Cost on the Price Quote Form.

Q2. Does the rinse water need to be heated?

A2. No, the rinse water does not need to be heated.

Q3. Are you aware of the accelerated rate of rust corrosion with a rinse cycle and mild steel construction?

A3. Yes. We prefer mild-grade steel construction.
